12:29:34 From Kristina Hess : which document should we look at?

12:29:43 From Stacey Ardelean : I like..., I notice..., I wonder....

12:29:55 From lisa mitchell : the strategic planning template and the SWOT template

12:47:45 From Stacey Ardelean : When I worked with a MS group one of the things I did was to help them think about WHY they wanted to create this after school performance opportunity. I asked them to think about the WHY so it would lead how they/me would do the work. If they wanted a “community builder” then we would involve parents/families in sets, costumes, cast parties, etc. If they wanted a “training program” the focus would be on the student training and the product of the show. This helped them to develop a mission and used it to engage with all the parents because their focus was on community building.
